The players prepare for the next game: a six-legged pentathlon, where each team member must clear a mini-game to survive – or face collective elimination.

[ SQUID GAME 2 ]

[ EPISODE 4 ]

[ SIX LEGS ]

JUNG-BAE

Nice!

My mom used to pack lunches like this when I was a kid.

What kinda banchan did they put in yours?

What's wrong? Not hungry?

Here, have some. Go on.

You know what they say, "Full belly, happy heart."

Here, you can worry after you eat. Or eat while you worry. Say "Ah."

Ah...

All right, fine, whatever.

Maybe this is all gonna work itself out.

I don't know how you're doing, but even if I got the 20 million up there, it still wouldn't be enough.

I could just make it through the next game then...

Jung-bae.

When I was first in here three years ago, I heard a player say something just like that.

And by the end, they were dead like everyone else.

IN-HO

Then why don't you help us, sir?

You said that you'd been here before.

You're the reason I ended up voting to stay.

It's true.

After the first game, I thought I was gonna quit.

And then I saw you.

And I thought to myself, "One more. Then I can go."

( *others agreeing* )

MAN

I thought the same thing.

( *sighs softly* )

IN-HO

Sir.

You know what's next, don't you?

Oh, yeah.

You won this whole thing before so you know what game two is.

So, what are we playing?

The second game we... we played was *Dalgona*. *Dalgona*? Like, the honeycomb you carve the shape out of?

That's right.

We had to pick one out of the four shapes they showed us.

Okay then.

So, of those, which was the easiest one to do?

The triangle.

And which was the hardest one?

Umbrella.

Umbrella?

( *scoffs* ) What...

So players actually picked umbrella?

( *intriguing music playing* )

They had no idea what the game was so I bet they were totally screwed.

Right?

( *others murmur in agreement* )

Wait. That means we all just need to pick the triangle.

Everyone should be able to get through this one, right?

Hey, wait, wait, wait. Quiet.

If all 365 of us survive, that means the prize will stay the same.

We'd have risked our lives to play another game for nothing.

( *others agreeing* )

( *whispering* ) Good. We keep this quiet.

It stays between us so that means we're the only ones who know.

Sound good?

WOMAN

Right. Makes sense.

GI-HUN

We can't do that.

The only reason I'm telling you this now is because I wanna try and save everybody.

When I'm positive *Dalgona's* the next thing we're playing, then I'll tell every single player here what I just told you people.

Come on.

( *Jeong-dae scoffs* )

( *others grumbling* )

What shape did you pick, Gi-hun?

( *intriguing music playing* )

YONG-SIK

Hey, Mom? Mom, Mom! I just found out something important.

Where is she?

Ma?

( *whispering* ) Here, have this too.

You aren't just eating for you now. Come on.

And it's eggs. They're really good when you're pregnant.

Honey, I've delivered so many children in my neighborhood.

I've lost count of exactly how many there were.

I knew from the minute I saw the shape of your body and how you carried yourself. I could just see it.

And by the looks of it, I'd say you're due pretty soon now. Am I right?

And compressing your belly isn't going to help things.

You could hurt yourself and your child trying to hide it. It isn't good.

That's why you were in pain earlier.

It's not what you think.

( *sighs* )

How the heck did you wind up in here, in this awful place?

( *footsteps approach* )

YONG-SIK

Mom, what you doing?

You scared me!

This isn't the time to make friends.

Why not?

Hey, hey, Hold on minute. Just wait.

Listen. Finish up your food, and if anything feels off at any point, don't hesitate to come to me.

Ma, I said come here.

My bed's right over there. Take care.

What? Honestly, honey, what's gotten into you?

( *sighs* )

IN-HO

Do you mind if I ask you a question?

Why are you here? Why'd you come back again?

You said you won the game, made it out.

And that would mean you won 45.6 billion won.

Did you spend all of it already?

Did you start betting again?

That money doesn't belong to me.

The ones who died in this place, that's their blood money.

And the same goes for everything in there.

What point is there in thinking about it like that?

After all, it's not like you killed anyone yourself.

And that way of thinking won't help bring any of them back to life.

If you'd pressed "X" like I asked you to, we all could've left here alive.

You could've saved everybody.

True. I was the last player to press "O."

It wasn't just me, though.

There's 182 other people who wanted to stay here.

Yeah, and 182 more of them who wanted to get the hell out of this place.

If I hadn't pressed "O"...

If I'd hit "X" and we'd all gone home, you think they'd appreciate what I'd done?

If one of these people ran into me, years from now, do you think they'd say they were happy I voted to go?

That they ended up with a great life after all?

JUNG-BAE

All right, that's enough.

It is what it is. No use in pointing fingers now.

I mean, we're all in the same boat. Everybody's got issues here.

We just need to focus on winning the game tomorrow. Okay?

We have someone with us who's already won.

If we just work as a team, then we have nothing to worry about. You know?

MAN

That's right, my friends.

( *exhales* ) You say we should work as a team, right?

I agree. I'm with you all the way.

And who are you?

Ah, excuse me.

Dae-ho. At your service.

Kang Dae-ho. That's me.

Ah, Dae-ho, sure.

Yes.

Do I know you?

( *chuckles awkwardly* )

Earlier, when Mr. 456 went "Freeze!"

I loved it. Became an instant fan.

I'd like to get to know all of you. Give me a chance, sir.

"Freeze!" That was awesome, man.

JUNG-BAE

Uh-huh. Wait.

DAE-HO

What... What is it, sir?

The Marines?

Yeah, why?

( *march music playing* )

Which cohort?

( *chuckles* )

JUNG-BAE

Oh. ( *chuckles* )

Just wait.

Victory at all costs! Sir!

Cohort 1140, sir!

At ease!

"Dae-ho."

No wonder I had a good feeling about you.

Sir!

I was 746. Welcome, Marine.

Won't let you down, sir!

( *laughs heartily* )

Sir! Sir!

( *continues laughing* )

I like your discipline! ( *chuckles* )

DAE-HO

Thank you, sir!

Sir!

NAM-GYU

Ugh. How's the food?

I couldn't eat anything.

All that blood flying around, all those people getting shot, and you're still hungry?

Listen, investing in that coin ruined my life too.

I came here to make money just like you.

( *footsteps approach* )

fuck;ng right, money! Better make a sh;t ton.

Because of you and your goddamn crypto, I lost everything I ever earned rapping my fuck;n' ass off.

It was over 500 million won.

NAM-GYU

300 for me.

You better do well in here 'cause by the time we get out, you're gonna pay us what you owe.

All right, I got it, now please can you stop? Let me eat my food...

For such a skinny little b;tch, you sure are obsessed with food.

Give it back.

No.

If you want your precious rice so badly, let Thanos feed it to you personally.

( *Myung-gi grunts* )

Tasty?

( *tense music playing* )

( *Thanos and Nam-gyu laugh* )

MYUNG-GI

Piece of sh;t!

Get off him, dickhead.

You fuck;ng asshole.

THANOS

fuck off.

NAM-GYU

You little b;tch!

( *players murmur, exclaim* )

THANOS

motherfucker!

You know how much money I lost because of you, fuckface?

fuck you!

Let me get a hit in too.

You fuck;ng...

THANOS

Hey, outta the way.

( *Myung-gi groans* )

THANOS

You should be fuck;ng grateful, to eat whatever I give you! What's wrong?

Oh, to have all that energy. It's gotta be nice to be that young.

He could get really hurt if this continues.

Someone should intervene, right?

Yeah, I know.

( *players exclaim* )

Me? Or...

( *Thanos grunts* )

( *players gasp* )

Hey, kids. What makes you think you can behave like that?

Especially while people are eating. And in front of your elders too.

It's bad manners, not to mention it's two against one.

Shame on you guys.

You're in here just like everyone else. So cut the lecture...

Grandad.

How about instead of yip-yapping at me, you go back home to your own kids, you yell at them?

What did you say?

I said, save the lecture for your own kids.

Hey, get your fuckin... ( *groans* )

( *ominous music playing* )

( *groaning* )

( *Thanos grunts* )

Son of a...

( *Thanos groans* )

( *players gasp, exclaim* )

THANOS GASPING

Wait. Wait a minute.

( *bones cracking* )

( *Thanos groans* )

I'm sorry, sir.

Please, I can't...

( *gasping* )

I'm sorry.

( *Thanos coughing* )

( *applause* )

WOMAN 1

That was awesome!

MAN 1

Well done! Nice!

WOMAN 2

Good job!

MAN 2

Damn, dude!

What's that guy's deal?

Ex-Marine, too?

( *mysterious music playing* )

WOMAN ON PA

*Attention. Today's work schedule has ended. All active staff, please take this time to return to your rooms.*

( *chilling music playing* )

Na-yeon!

( *siren wailing* )

Are you her guardian?

Yeah, I'm her dad.

*Please take her to Seohyeon University Hospital.*

Take all my sorrow, dissolve it into the ether.

YONG-SIK WHISPERING

Mom. Mom, are you asleep?

( *Yong-sik sighs* )

Oh, honey, I'm so sorry.

I'm sorry, it's all my fault. I'm sorry. I'm so sorry.

( *Jung-bae crying* )

IN-HO

Excuse me.

If you aren't trying to sleep yet, could we talk?

Okay.

I thought about it, and I was out of line earlier.

I wanted to apologize. I'm sorry.

Oh... It's all right.

And I was the one who said it was all your fault.

That was wrong of me.

It's okay.

( *In-ho sighs softly* )

My wife back home is very sick.

She was diagnosed with acute cirrhosis and needs a new liver.

While they were running all those tests on her, we found out that she was pregnant too.

( *somber music playing* )

The hospital recommended an abortion, but she wants to go through with it.

Even if it means dying.

My wife is, well...

Stubborn's an understatement.

There's no arguing with her once she's set on something.

We're struggling to find her a donor, and she keeps on getting worse.

I've already borrowed everything I could, but... it still isn't enough.

Things got desperate.

Then one of my oldest clients heard about our situation.

They came to us, said they wanted to help.

So I borrowed money from them.

It wasn't a bribe, but it looked like it.

So I got in trouble, and was fired from my job.

After I'd given them my best years.

Entering these games was my last hope.

I know what you meant, Mr. 456, about the prize money, what it costs.

I really do.

But still...

I have to win that prize money, even if the cost is other people's lives.

I wanna use it to...

( *breath shaking* )

To save my wife, and our child.

And I don't care how I get it.

( *eerie music playing* )

Close him up.

Why? Can't use any of it?

MASKED SOLDIER

What the hell?

What happened? Where's the rest?

None of the organs were any good.

This one's been dead so long we were only able to save the eyes.

Told you not to kill them. Need them breathing if we want anything good.

What are you talking about? I left a bunch alive for you.

DOCTOR

Well, someone else popped that guy in the head to finish the job.

Same with that one over there.

Took one shot to the leg, and then another in the head.

( *sighs* )

Who's fuck;ng doing this?

( *scanner trilling* )

AUTOMATED VOICE

*Identity confirmed.*

( *radio beeps* )

MAN ON RADIO

*Sir. Reporting from the surgery room.*

MASKED OFFICER

How did we do?

*Well, sir, most were shot in the head or chest and died immediately.  
The ones without fatal wounds were shot again to confirm the kill.  
So there's not much usable merchandise.*

Who fired those shots?

I think it was Number 011.

( *radio beeps* )

( *lid pops* )

( *liquid pouring* )

( *door opens* )

MASKED MANAGER

Number 011.

The Officer wants to see you.

( *enigmatic music playing* )

( *scanner trilling* )

AUTOMATED VOICE

*Identity confirmed.*

( *tense music playing* )

( *foreboding music playing* )

( *remote beeps* )

NO-EUL

You wanted to see me, sir?

Take your mask off.

I told you not to interfere if you weren't going to assist us.

I heard you shot the players who were still breathing so you could confirm the kills.

I did the task that was given to me.

How long has it been... since we met each other?

I can't recall at this point.

If memory serves... it was right around seven years ago.

( *puffs* )

The very first time I went to see you, you were lying in your bed in that dusty old hospital, just staring up at the ceiling like a zombie.

I couldn't believe you killed the team pursuing you with one rifle and got past the fences at the Demarcation Line without any kind of help at all.

I saw you in that bed and felt sorry for you.

So I decided to give you a chance to start over.

And I'll always be grateful for your help, sir.

Then you should do what you're told.

Sir, I don't think I will.

You worried the boss is going to find out?

That shouldn't concern you.

Last time we had a player do the surgeries in exchange for information about the games they were going to play.

This time, we actually brought a doctor here ourselves.

There's no way anyone will find out about it, and even if they do...

That's not my issue.

( *yelling* ) Then what is it, huh?

( *Masked Officer sighs* )

( *exhales* )

When you met me, you said... you wanted to find the kid you'd left behind.

( *chilling music playing* )

And if I can make that happen you'd do anything.

Has something changed?

Back when you first told me what I'd have to do in here, the way you said it was I'd be helping people with no hope end their misery so they wouldn't have to suffer anymore.

And I believed you.

That's the reason I came here.

You've changed, sir, not me.

Either way they'll end up dead.

All we're doing is using their organs to help save others.

What's wrong with that?

If there's nothing else for me, I would like to be dismissed.

[ SEOUL DOBONG POLICE STATION ]

DETECTIVE

Whoa, Detective Hwang, been a while.

( *table thunks* )

CHIEF YELLING

Hwang Jun-ho!

You hand in your resignation without telling me anything?

And why the hell have you been ignoring my calls?

You know what I had to do to change this to a leave of absence after your stunt?

Hi, Chief. Are you finished yet?

What?

I need you to help me, sir.

( *scoffs* )

Okay. At this point, what else can I do, huh?

Look for that stupid island again or something?!

Yeah.

( *sighs* ) Not this sh;t.

We need to begin the search immediately.

Stalling now puts not only Mr. Seong in danger, but everyone else that's being forced to play.

I'm confused. Weren't we done with this a while ago?

Please, sir. It's not the same. Things have changed since back then.

If we don't stop them now, we might never get the opportunity again. Okay?

Chief Kim.

Sir.

Why's he back on this?

You said he'd improved.

Jun-ho, listen. Go to counselling. It's nothing to be ashamed...

( *yelling* ) Sir, you're not hearing me!

Are you really gonna sit here and let those people die?

( *yelling* ) How long will you keep insisting on this ridiculous story!

If it's real, bring me proof!

We depend on evidence. Evidence!

Accept his resignation.

He's beyond help now.

But, I... Sir...

Oh, what a disaster. Hey!

I told you this wouldn't work.

There's no way you'll be reinstated now, idiot!

Sir! I'll make sure he gets counselling, okay?

Sir, wait! Just a moment!

WOO-SEOK

You see? What'd I tell you? The police are useless. Never go to them.

Then we'll do it on our own.

Two teams searching at the same time should have a chance.

Yeah. Captain Park found us another boat through one of his friends or whatever.

And I hired us a few new guys, and divided them up into Teams 1 and 2.

Okay, great. Good to hear.

If the games have already started that means we have five days left at most.

We gotta move fast as possible.

All right, got it.

I set up everything to get us back on the water as soon as the weather clears.

I'll see you soon, okay?

( *men conversing indistinctly* )

( *Woo-seok sighs* )

Come on, we can't sail today, so you might as well relax a little.

Captain, are you sure we can take the boats out tomorrow?

I checked the forecast and it still wasn't looking too great.

Look, kid.

I've been sailing for 30 years.

All these damn forecasters sit in their cubicles and stare at computers every minute, and they're gonna tell *me* what's going on?

Okay. I won't argue with you. If we can't go tomorrow, it's your fault.

So, why the big rush? Huh?

Jun-ho and I have spent two years looking for this place.

How are we gonna find it now?

( *sighs* )

It's supposed to be a secret, which means I can't really get into all the details.

We know this one guy who's actually there at the island right now.

I hope he's okay.

The man who was in the games?

Huh?

Who...

Hold on, Captain. You already know about Mr. Seong?

Oh, well, Jun-ho did kind of fill me in.

You already know? Then I can just tell you the whole story.

So this guy, Seong Gi-hun, he apparently won these games a few years ago.

He wants to get back at the folks running it, so he hid this tracker thing in a molar and went out to the island again on his own.

Only, I still don't know how they caught on to us.

That means those wild stories Jun-ho told were all true?

Yeah.

I only did all this, the whole searching for the mystery island thing 'cause I connected to the kid after saving his life.

Ah, I thought all that crap was in his head, with the games, and the 45.6 billion won.

Captain, I didn't believe this crap at first, just like you.

But it's real. As real as that drink sitting right in front of you.

I saw the masked guys with my very own eyes.

At this club one of them tased me in the neck, just like that. (  
*grunts* )

The masked guys tased you?

Yeah!

Ah, now I get it.

That's why you brought these guys with you, right?

Oh, sh;t.

Those eyes, they sure aren't kidding around.

Like a swarm of sharks.

Listen, Captain.

These guys we're dealing with, they're merciless.

We were looking for them when my boss got...

( *sighs* )

Anyway, now you know everything.

That's what we're dealing with. Got it?

Either we all live, or we all die.

No one's gonna die.

I've had that boat for ten years at this point. Okay?

In all that time, there's never been one accident on that ship.

Not even a stubbed toe.

Hey. I'll leave it in your capable hands.

( *glasses clink* )

WOMAN ON PA

*Players, welcome to the second game. We will begin shortly.*

( *intriguing music playing* )

The triangle's the easiest, right?

Yeah.

( *players whispering indistinctly* )

( *chilling music plays* )

Wait, wait, wait, what? What the hell kinda shape is that?

Even an ex-Marine couldn't get that out!

( *Jung-bae exclaims in despair* )

Really? This one's the easiest to get out?

Oh, God, what is this? What's going on?

Everybody's going to die because this guy said, "Pick triangle"!

( *player groans* )

I didn't...

You told everyone to go here.

How are you gonna make it right? What are you gonna do to fix this?

This isn't...

You said you already played this before!

I don't...

How are you gonna fix this?

You're going to kill us all! It's your fault!

It's your fault! It's your fault!

( *Gi-hun breathing nervously* )

It's your fault!

( *gasps, pants* )

( *classical music playing on speakers* )

PLAYER 222

Looking good.

Jun-hee!

So you really didn't know I was here?

I thought you were intentionally ignoring me.

That tracks.

If it's not about you, you don't care.

What are you doing in here?

What do you think?

You told me to buy that crypto. Did you forget?

( *sighs* )

You're...

Oh. Guess you didn't forget that.

What about the abortion? You said that you'd get it.

Well, I didn't.

How do you expect to raise a kid if you don't have any kind of money?

I'm gonna make some.

I'll get enough to pay off my debts, and find a house.

I'll do it by myself since I guess my kid's never gonna know his dad.

So you're just here for the money too?

Look at you. What are you...

How the hell is a pregnant woman gonna survive here?

I'm not asking for help, so you can quit acting all worried.

Why start now?

You came here to say that?

No. I wanted to check out your bruises.

They suit you.

( alarm buzzing )

( mysterious music plays )

WOMAN ON PA

*Your attention, please. The second game will begin momentarily. Please follow the staff's instructions and swiftly make your way towards the game hall. I will now repeat the instructions.*

Hey.

Once we get out, we should talk.

*The second game will begin momentarily. Please follow the staff's instructions.*

I already tried to go.

*And swiftly make your way towards the game hall.*

I couldn't because you wanted to stay.

( sighs )

JUNG-BAE

Gi-hun.

Team triangle.

All right, buddy, we're all counting on you.

Oh...

Yeah.

( *knocking* )

( *whispering* ) What you got?

Don't worry about it.

It's time to play a game. Let's do this.

( *"The Blue Danube" playing on speakers* )

Just pick triangle.

( *playful song playing on speakers* )

WOMAN ON PA

*Players, welcome to the second game. We will begin shortly. This game will be played in teams. Please take the next ten minutes to divide into groups of five. I will now repeat the instructions. This game will be played in teams. You will be given ten minutes to divide into teams of five. Dalgona is not a team game though, right?*

( *ominous music playing* )

It is still *Dalgona*, isn't it?

Uh...

I don't think it is, no.

If not *Dalgona*, then what?

I don't know what we're playing.

What? You said you'd done this before.

With the triangle, remember?

Or were you lying?

I don't know, I'm sorry.

You're sorry?!

Not as cocky as you were yesterday.

What are you gonna do about everyone who voted to stay because of your crap?

How are you gonna make it right?

That's enough.

WOMAN ON PA

*Please divide into teams starting now.*

YEONG-SAM

Yeah, don't bother.

Why are we even trying to reason with this crazy bastard?

In the end, we should've seen through his bullshit.

( *scoffs* )

Sir, I'd be honored if you'd team up with me.

Sure, yeah, you won the games, crazy asshole.

YEONG-SAM

Triangle *Dalgona*. fuck;ng bullshit.

Sir, who should we team up with?

It's not *Dalgona*?

( *whispering* ) Is that what he just said?

Yeah, it seems so.

So then what do we do now?

Let's go.

Go? Where are we going?

We need to find a good team. That's the next step.

Now come, hurry, or else we won't get into a good one.

Okay.

I really am sorry.

For what it's worth, I still trust you.

If it'd be all right with you, I'd like for us to be teammates.

Yeah. I don't know what we're doing, but we should still man up and try.

These games are for kids anyway.

He and I used to play tons growing up.

And I feel the same way.

Sir, I'll play with you three.

If we work together, then nothing can stand in our way.

Yeah, well said, Marine.

It would've been embarrassing anyways. Imagine Marines having to play *Dalgona*.

Marines!

If we're gonna do this, then I wanna play a real game that's worth the risk.

Something like Buck Buck or Squid Game. Don't you think?

Yeah.

Sir, I swear, I'll put my life on the line to win.

All right. Time to recruit one more person.

DAE-HO

Sir, you can count on me. I'll go find a fifth for us.

Okay, Marine. Go and find us another brave soul, is that clear?

Sir! Yes, sir!

Dismissed.

MYUNG-GI

Jun-hee.

Let's do this together.

Thanks, but no.

You're still gonna need to be on a team.

Not if you're on it.

Stop acting tough, come on.

Look at you, you think anyone else will let you join?

What's it to you, huh? I'll handle it on my own.

Listen, I'm sorry I never called.

Things were really rough for me too.

You know how many lunatics were out to get me after everything that went down.

You ignored every one of my calls for six months.

I thought you died, asshole.

I get it. I'm so sorry.

Now can we just get on a team together?

If you don't make it out of this place alive, then you're never gonna have this kid.

I don't trust you.

You're nothing. You're dead to me.

PLAYER 395

But that might not work.

Hey. Look, how about that one?

Because he looks like a runner?

Uh-huh.

I told you, we don't know if it's a race...

If you need one more teammate, I...

( *scoffs* )

We're actually good.

WOMAN

Excuse me.

I was wondering... Would you like to do this together?

It's about physical strength only.

Hi, hello. You need two, right?

Um, there's two of us. You think we could join you?

( *chuckles* ) Oh, yeah, sure. That sounds great.

Uh, so, where's the other guy?

Ah. ( *chuckles nervously* )

( *scoffs* ) Sorry, buddy.

You know, we're just looking for something else.

Ah, I see.

Find some way to ditch Grandma here, we'll let you join. Huh?

That grandma is actually my mother.

Yong-sik, go join those men, okay? Your mother will find her own way.

Argh! Oh, for God's sake, Ma, will you stop it?

I won't abandon you.

And what's going on, why are you so down?
